

HIGH-DENSITY WOVEN REINFORCEMENT

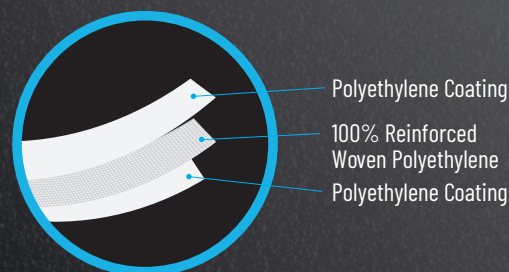

Woven Vapor Barriers

THE ULTIMATE PROTECTION AGAINST TEARS

DESCRIPTION

In response to feedback from contractors, YCS developed our line of 100% woven vapor barriers. Designed to satisfy all contractor needs at an economical price. YCS Woven Vapor Barriers are guaranteed never to off-gas or emit any undesirable odors. Available in bright white and in many sizes and thicknesses.

The YCS line of 100% reinforced vapor barriers offers superior lateral and puncture strength compared to string-reinforced products. Made from tightly woven, durable 100% virgin polyethylene, these barriers provide ultimate protection against tears, making them ideal for all sealed crawl space and basement projects.

PRODUCT BENEFITS

- Premium 100% virgin polyethylene
- High-density woven reinforcement
- Excellent defense against moisture
- Lifetime warranty
